
Ragnarok Guild Emblems 76 PORTABLE

[Download](#)

The Ragnarok Online guild system was created to allow the formation of communities with guild members... Guilds can also have their own personalized "emblem". As mentioned above, guilds have their own "class" emblems. To create an emblem, guilds will need to have at least 20 players in their guild and they will need to have their own domain. A Guild can have up to 6 domains, which can be used for various purposes, such as creating a "room" for meetings, or to create your own website.
