This application uses windows components and therefore can not run on a Mac . Feb 11, 2012 Posted by Tech Support Team You are missing the required serial number of the program to continue executing the order. Enter your serial number, or “Just click on it” to get the crack when it’s complete. See also Flash drive Password cracks References Category:Computer security software Category:Computer security Category:Windows security softwareKANSAS CITY, Mo. — Police say an I-70 crash left two New York drivers dead and three others injured. It happened just after 10 a.m. in the southbound lanes of I-70 near the 136th Street exit in Kansas City. Sgt. Daniel Williams with the Kansas City Police Department said the crash was so violent, it spun the buses from one transport company into the other one. "A bus transporting passengers, one of the buses, was attempting to drive off the interstate and caused a chain reaction of other buses to leave the interstate," he said. "We had four crashes and we ended up with six injuries." The crash shut down the southbound lanes of I-70 near 136th Street. A spokesman with Missouri Department of Transportation tells 41 Action News six people were in the car crash and two died. The two dead are in their 60s, one from New York and one from New Jersey. The injured left the scene and were taken to nearby hospitals. Police say one of the bus drivers hit by another bus was treated at the scene for minor injuries. A spokesperson with Kansas City International Airport tells 41 Action News at this time there are no cancellations or delays. Airport officials say all of the cancellations have been made for flights to or from Kansas City. The drivers of the two vehicles that were involved in the crash are both from Dallas, Texas. Authorities didn't say where the passengers were coming from or going to. 3da54e8ca3
