Prontuario Informatico Hormigon 31 In Struts, I want to format the time output of each Date as shown in the html snippet, Pardon, I will get an error: Requested format is not a valid format: MM-dd-yyyy HH:mm:ss A: The request form in the Struts1 application can be accessed here. The Date object has the format property which can be set to any format your choice. The format property has the value as explained here. In your case, you can change your code as shown here: On this day in 1964, Dr. Benjamin Spock, the pediatrician of television fame, published a groundbreaking book on child rearing called The Common Sense Book of Baby and Child Care. Shortly after its publication, Spock became the target of a public backlash from conservative politicians, press, and mothers who objected to Spock's emphasis on scientific data, such as breast feeding. During the 1960s Spock also faced charges of promoting selfishness, irreverence toward the Bible, sexual permissiveness, and, most of all, "baby murder." The Common Sense Book of Baby and Child Care was the first comprehensive guide to child rearing published in the United States. The book was a best-seller in the United States and Canada, but the public's reaction to Spock caused the book's sales to be severely curtailed. The Common Sense Book of Baby
