### **Elden Ring [Mac/Win]**

GameSpy 8.1/10 “The most interesting thing about Dark Souls: Prepare to Die Edition is that it is ready to play from the moment it arrives in your virtual mailbox. You'll be able to enjoy it just as much if you're not a veteran of the Souls series or games like Firewatch.” The Escapist 8/10 “The combat system is intense and

rewarding, and the music will play in your head for a long time after you've finished it. If you come to Dark Souls for its story, you'll be disappointed. It's a collection of short vignettes, each episode echoing the previous one, and it will come together in the end. But it's important to remember that if you're not interested in the story, you may find the game to be an endless slog. The stories you'll encounter won't hold your attention long enough, but then you'll reach a boss and a very different kind of story will unfold. It's a game best played on fire." Gamer 8/10 "Even though there's not a ton of story to Dark Souls: Prepare to Die Edition, it's still an amazing game that will give you a deep sense of satisfaction." Shacknews 8.5/10 "Another fun and

challenging action RPG from FromSoftware. A must buy for fans of the Souls titles.” The Daily Star 7.3/10 “Dark Souls: Prepare to Die Edition offers up plenty of content that will keep your attention, but you'll be hard-pressed to find anything that will truly challenge you.” RPGFan 9.1/10 “Dark Souls: Prepare to Die Edition does a lot to improve the original Dark Souls combat system and, when used with the redesigned user interface, makes the whole experience a pleasurable one.” Nintendo Life 8/10 “If you're a Dark Souls fan then prepare to die—because Prepare to Die Edition is ready to take on the mighty Demon's Souls.” Game Informer bff6bb2d33
