Download Times New Arabic Fontl, - arabic, -PUBLIC MARKS from paul with tags time t-shirt 11 March 2010 14:28 For years I've held off on uploading the photos of the many t-shirts I've worn over the years for public consumption. I don't want people thinking my design work was only ever for personal use. However, it's important for photographers and artists to know how to effectively copyright their work so that they can protect their concepts.

Unfortunately for me, I have never been a good legal documenter. This means I leave myself vulnerable to other people claiming ownership of my work. I plan to upload all the photos over the next few weeks to help other photographers and artists avoid this. Even for those of you who have taken my work and made versions of it for your own use, I hope you can understand why I took the time to create a picture record and am not trying to claim it as my own. If I can help you make the right decision about your own legal issues I will be happy to do that too. It's important that artists, photographers and designers know how copyright law works. Copyright is a type of intellectual property that gives the owner exclusive rights to an artistic idea, creative work, or intellectual expression for a limited time and in a specific medium, subject to certain conditions. Copyright protects expressions such as paintings, photographs, sculptures, literary works, musical compositions, and motion pictures as well as computer software. Copyright law should be respected for it's important role in encouraging innovation and creativity. Please do not copy my work for personal use, for commercial use please contact me for permission.2011/10/20 Stefan Kaufmann : > As I understand it, the idea behind the > command `ssh_config' was to make it easier to configure a user's
