1 comment : All right, valuable information. At last! : Reply 2 years ago WTT Can someone please help. I tried searching for a vid to accompany it but came up empty handed. Reply 2 years ago WTT Yes, change the note viewer to the most recent version available, like in the section below. It will open File Explorer. With the File Explorer window open, locate the folder with patchDBv05.zip in it.... Reply 2 years ago WTT To see an overview of all available patches, select File | Options | Patch DB. Reply 2 years ago WTT And you should get something like this in the note viewer: These patches have been available on the first web page on patchDBv05.com for over 3 years now, which explains why no one has responded to your message asking for a sample or anything. But I'm happy to post a sample if you like. Reply 2 years ago WTT If you want to see the patchDBv05.exe in the section below, select File | Options | Patch DB. Reply 2 years ago WTT To install the patch, copy patchDBv05.exe to the main folder of your PS1-XE. Sorry if my explanation wasn't quite clear. I'll give this some more thought. Reply 2 years ago WTT If you wish to save the image, then you'll have to zoom in on it using the control buttons in the top right corner of the window, or just visit this site: And then you'll be able to download the picture as a PNG file. I'll look into this in the future and update the answer. Reply 2 years ago WTT You can use HTML to do a bit of trimming to get a PNG that's a bit smaller and has a clearer image. Example:

Some people, including myself, are adamant about not eating any food. Others believe that a "one-day fast" is a "breakfast" and a "lunch" all in one. With conflicting information and so many myths, I have gathered the most common, dangerous, and ignorant ideas about Keto "fasts". Myth #1: Keto "Fasting" is akin to fasting Fasting is what we all do during the day to increase our focus. When it's time for lunch, we get hungry and eat. We generally don't starve ourselves, but we generally also don't eat every meal. Let me start out by saying that fasting is not an actual fasting. For example, what I will eat today is something I don't generally eat. If you're going to a business meeting, you eat something different than if you're going to a party. A lot of people view fasting as a "breakfast" and a "lunch" all in one. What they don't realize is that lunch is a meal at 1PM, not 6PM. That means they only eat a little bit of food and it's not going to be a full meal. Fasting" is akin to fasting" is akin to fasting e79caf774b
