“While yes there are some elements that are fair and timed that you can do well, they are unevenly balanced and far too often will be extremely unfair to the player that don’t use it.” “I don’t like the skill system, it’s very situational and vague. It’s hard to tell what the game is trying to convey when you’re new.” “Overall it felt like I would enter a giant combat arena, get a bunch of enemies to fight, and spend another 10 hours of grinding and fiddling with skills.” “If you’re looking for a large scale fight to bust out that action RPG you’ve been waiting for, this is the place you need to be. I’m going to keep playing this game and hopefully they do something with this title.” “If you don’t need a game that is as deep as you are willing to dig, Elden Ring Crack Mac is a solid action RPG that will give you a good time.” “The biggest problem with the Elden Ring 2022 Crack is that with a lack of depth outside of the obvious, it all boils down to your choice between smash button or skill button.
