Watch movies online for free Download movies to mobile phone directly.The present invention is generally directed to a product dispenser assembly that is portable and that is adapted to dispense a liquid product in a controlled manner, as desired. More particularly, the present invention provides a device that is adapted to distribute a liquid product and which is adapted to be used in conjunction with a windshield wiper assembly. Many types of vehicle windshield wiper assemblies are currently in use. Many of these windshield wiper assemblies include windshield wiper elements that are attached to a rotatable wiper arm, which is driven in order to rotate the wiper arm and the wiper element about an axis. The rotatable wiper arm is commonly mounted to a rotatable wiper shaft or arbor. The wiper arm is commonly pivotally attached to the w
