Funny Yo 3 is a stylish action game that is based on a different theme. You are the Funny girl Yo and you are going to dreamland to escape from the bad guys. The game contains many levels with various settings and enemies. For each level, a number of challenges await you, such as climbing walls, breaking boxes and obstacles, and more. To clear each level, you need to get a lot of points.

Your main goal is to collect coins while solving various challenges. Every level contains hidden opportunities that will grant you bonus points. Each level has a number of items in it, which allows you to run faster, collect coins and make you invincible. Collect power-ups as you play. The more power-ups you have, the faster you move and the more coins you collect. There are also special levels where you need to collect a set number of coins. In the end, the game has more than 80 levels, and many bosses. Game Editions Development Funny Yo 3 was initially developed and released as a digital-only game. The initial title was Fun, but the company did not like the title. A version with 3D graphics was released in 2009. However, the graphics were done in the same way as the game had been developed. Game information Name: Funny Yo 3 Developer: GameHouse

### **What's new:**

**(Limited Edition) When I first saw the reference to Waves of Steel being released as a Limited Edition, I decided to add it to the list of limited editions of the year and ordered it. I don't usually like Limited Editions but after hearing that Caiphus Tang had really tightened up the software, adding a new feature, I was really excited, especially so when it turned out to be a concept Promo Pack. I wanted something different, I wanted to work a bit outside the norm and before I knew it, I had written my order off. The concept was very enjoyable and creative, even though I initially didn't intend to pay for it. It was a fantastic feeling of achievement. When I had confirmed my order, my Santa had sent me a message stating he is looking forward to hearing the album, and thanks to his**

personal records I can happily say that I really enjoyed it. It's still a bit of a rarity in my collection, meaning that I only have 17, but before I record solo albums, I like to feature backing music, and this album with this pair of horns is still one of my favourite albums and albums of the year. Track Listing Wave No. 1 - Horns of Eternity Title: Waves of Steel Author: Caiphus Tang Label: Legend Group Part 1: Waves of Steel (01.08.2015) Part 2: Rise from the Beyond (02.08.2015) - The sequel to the Waves of Steel Ultra-Force (03.08.2015) Ring of Oblivion (04.08.2015) Part 3: Secret of the Star (05.08.2015) As They Wait (06.08.2015) Believer - Extra Track (07.08.2015) - An Extra track Epilogue - Extra Track (07.08.2015) Part 4: The Forsaken (08.08.2015) Extra Credits (09.08.2015) Part 5: Throne of the Black Dragon (10.08.2015) Mystery of the Red Light (11.08.2015) Shadows of Halo (12.08.2015) Part 6: The Journey (13.08.2015) Extra Credits (09.08.2015)

You will have to deal with gravity switches, levers and devices and change the gravity in a point in space, to reach as far as possible and go back to your ship. How to Play: + There are devices and gravity switches that need to be "used" in order to change the gravity, and you'll have to use them in pairs to activate, for example, a gravity change and a special gravity switch in a point of space. + To change gravity, you'll have to use levers, which are like special switches. + The most important thing is to be very fast and reach the end of the level as fast as possible. + You can change gravity by using levers and gravity switches to switch on and off the correct devices. + To leap high, just jump in the direction that needs to be jumped. + There are teleports in levels in order to reach them easily and jump from one point to another. + Defeating enemies only changes the obstacles, but the gravity does not change. + There are 4 different gravity levels, 5 levels in total. + The game is in English, but with the foreign language interface. To know more about the game, you can take advantage of the

trailers, special videos and more. As always, thank you very much for your support, it's very kind. The game is played in 30 stages, can be played on iOS and Android and can be downloaded here: Gameplay of this game is similar to the game "Away - Brothers" You have 60 seconds to get to your goal, where you'll have to collect the three gears in order to win Gameplay is simple, you have a path and you have your goal and the 3 gears, you must collect them In the gameplay you'll collect coins, and you can use them to buy weapons and upgrades The gameplay is 3D but you can rotate in all directions E.g.: To go back you press on the left side and click on the right side It's easy to control, but be careful because you have 3 gears that need to be collected in order to win You'll have 2 weapons, one short and one long, to kill the enemies, and you'll have an upgrade that increases your defense or your chance of winning Weapon upgrades are in the top right corner and you'll have to press on them in order to use them,
