BlazeVideo iPhone Transfer Crack + Serial Number Full Torrent (2022)

----- Connect multiple Apple devices to your PC and use this powerful iPad transfer software to transfer files from iPad to PC, iPhone to PC and iPhone to iPhone. This iPhone transfer software supports iOS 6.0 and older versions. You can also transfer files between two iPhone devices connected with either a Lightning or 30-pin cable, and between an iPad and an iPhone connected with a Lightning cable. You can rename, delete and add new folders and files on your iOS device and synchronize the device's contents with your PC. You can also share your documents, photos, music, videos and eBooks with your Facebook friends or with anyone you want! Connecting both devices to your PC is easier than ever! Choose one from your USB ports, or connect them through a wireless network. All you need to transfer files is an active internet connection! You will be able to see all devices connected in the interface and there is a direct access to the iTunes directory. Supported Features:

----- Transfer Files, Folders and Messages from iOS Devices to PC Share Files, Folders and Messages with Facebook Friends Transfer Documents, Photos, Music, Movies and eBooks to iPad and iPhone Transfer Videos from iPhone to PC Transfer Files, Folders and Messages from iPad to PC Transfer Documents, Photos, Music, Movies and eBooks from PC to iPad Transfer Documents, Photos, Music, Movies and eBooks between PC and iPhone Change the Icon of your Apple Device (iPad, iPhone and iPod) Change the Icons of your Files and Folders Move, Copy and Delete Files and Folders Move, Copy and Delete Messages and SMS Delete Files and Folders Rename Files, Folders, Messages and SMS Change the Background Image of your Apple Device (iPad, iPhone and iPod) Change the Background Image of your Files and Folders Hide the Running Apps in iPhone/iPad Show the Running Apps of iPhone/iPad in PC Show a Count of how many SMS Messages your iPhone Sent/Received Show a Count of how many iMessages Your iPad Sent/Received Show a Count of how many Emails Your iPhone Sent/Received Show a Count of how many Document/Photo/Music/Videos Sent/Received Show a Count of how many Applications/Apps You Use Preview a Documents/Photos/Music/Videos Preview a Documents/Photos/Music/Videos as List
