Formatting does not create "Plain" Crap MeaningOfLife There are a lot of post supporting the re-introduction of the clear text format. However some posts, both pro and con for the whole Clear text idea, are claiming the format is not the same. They are mad at Microsoft for putting the file format that they have worked so hard on in Clear text and not the "Plain" Crap that they have been working on for so many years. It's no different than "Old" vs. "New" Crap. It's just a little bit more pronounced, and it is causing a lot of fuss. There are a lot of post supporting the re-introduction of the clear text format.
