Story time - GGG.com: Safe buy now... ARMA #4 in the series. For the first time in the series, we use our own version of Arma 3's engine. A combination of new textures and reconstruction of the island has allowed us to improve the game play at the same time, giving us the possibility to create levels that are more complex than before. This game introduces new weapons like the SMG, BK-712 and the FABO, which allows players to play as two different teams at the same time. ACTIVATED: 2.5 years ago. Earlier this month we introduced the new mod, ACTIVATED. It is aimed at those with a limited
