I am trying to position my nav bar on top of the background image. I am using Zurb Foundation and I created a custom.css file to do so, but this has not worked. I am confused on how to fix the positioning. The menu is always positioned at the bottom. I want it to be in the top left corner of the background image with a margin of 40px to the right and 20px to the left. Any help is appreciated, thanks. Here is what I have: CSS: .container { text-align:center; } .page-header { background:url('../images/bg-top.jpg') no-repeat center center fixed; 6d1f23a050
