
Asmaa Allah Al Husna En Arabe Pdf 17

What's so gratifying is the fact that Allah revealed guidance to man in the shape of the Holy Qur'an, or Islam, and in the form of the way to Allah, or the Sunnah, in which the Holy Qur'an is narrated or the sayings and teachings of Prophet Muhammad, and then he ordained it and it's being implemented through the steps of the angel who called for it in the Qur'an. The authority and recommendations of the Shuyukh, scholars of the past, have also been part of this authority; this is also evident in the Hadith, where the words of Prophet Muhammad, his Sunnah, and the words of the scholars of the past are interconnected as one. For example, al-Sharif al-Jami (may Allah have mercy on him) said that we can only be saved from our sins by the Prophet's Sunnah (may Allah bless him and grant him peace), and from his Sunnah we can be saved from our sins by the Shaykhah of the past. What a thought is that? Is it not a beautiful thought? Is it not a divine thought? So, in order to implement this perfect guidance and to remove all corruption from the hands of the human beings, all that is required is to show obedience to the Prophet (may Allah bless him and grant him peace) and to do what he did. If you do this, Allah will forgive you of the sins that are in your hands and for your obedience, He will accept it as loyalty, and if you disobey, if you deviate from the path, He will treat you as He treated those who deviated from the path before you. So please keep that in mind. That's the reason we are being praised in the hearts of our Prophet, the Prophet of Islam: to honor and pray for the Prophet, and to become a part of the Sunnah. To maintain the safety of the community and for its prosperity, we must obey the Prophet and his Sunnah and become one of those who have been guided. This is the blessings of the Prophet, and this is also what makes one of the Prophet's companions, as you have been created for this sole purpose, and for the same reason the Prophet is called a Messenger of Allah, and we called Imam (guide).
