Gx Works 2 198 14

Approved by the Agency for Healthcare Research and Quality (AHRQ), What Works Cities Certification (WWC) was developed in partnership with two national, independent evaluators, New England Research Institutes (NERI) and Results for America, to ensure that the WWC Program fosters learning across a wide variety of contexts and disseminates best practices based on rigorous evaluation evidence. Get out into nature: Visitors with disabilities, individuals with short-term needs and caregivers are welcome to enjoy recreational activities at Gas Works Park , located on the north shore of Lake Union. Please visit the Sky Golf website for more info on the park. We encourage residents to donate gently worn clothing, shoes, accessories, and home goods to our free warehouse in Southwest Virginia. While we do not accept trash, all items are inspected for safety and cleanliness before being donated. For more information, call or email workscaritasva.org or (804) 612-1752 . What Works Cities Certification recognizes and celebrates local governments for their exceptional use of data to inform policy and funding decisions, improve services, create operational efficiencies, and engage residents. Through our partnership with Bloomberg Philanthropies, we invite you to consider being among the first to serve a City Certified as part of our Opportunity Alliance campaign. What Works Cities Certification will be an applied research program that will provide ongoing feedback and learning opportunities for city partners, and continuous feedback on their progress with self-evaluation surveys and other accountability mechanisms.

In other Gx Works news, we are now accepting Volunteer Registration for our 4th Gx Works Volunteer School in August. Our first one was a huge success and we would love to repeat that for 2020. We also need volunteers in the way of clerical support at the Gx Works Reception this week. There will be tables set up for clerical volunteer staffing. If you can offer this assistance, please give us a call at (804) 612-1752 or email: gxworksva@workscaritas.org. Sincere thanks are extended to our Verde Valley Chamber of Commerce and the City of Grundy to sponsor Gx Works for the fourth year, and to all who have provided additional support. CARITAS will extend its deepest gratitude to all who have provided prayer and support for us through this ministry. We also extend special gratitude to our ministry partners and amazing team of caregivers, teachers, mentors and volunteers who continue to partner with us in this ministry each year. After a few years of funding, the What Works Cities Certification program ended in December 2018. However, to continue to advance impact and capacity building in cities and local governments, the program was fully transitioned to local city governments in April 2019. The City of Seattle and City of Minneapolis support programs to assist local governments in meeting the core What Works Cities competencies of using data to make better decisions, allocate funding, improve services, evaluate the effectiveness of programs, and engage residents. The What Works Cities Certification Program will support local governments in identifying best practices for using data for positive change, as well as equip them to continue and scale their efforts to create lasting improvements. Training and technical assistance will be delivered directly by Results for America, in coordination with local government partners. The first cohort of local governments will be informed of their certification status by June 2019. 5ec8ef588b
