## **Re;Lord 1 ~The Witch Of Herfort And Stuffed Animals~ Crack [CRACKED] And Patch**

There are two heroine options in Re;Lord 1 ~The witch of Herfort and stuffed animals~. There is the normal option with just the kid on the front of the game and the second option which is a weapon that lets you carry the dolls on your head and move around. The heroes have their own unique abilities. There is a bow and arrow version for the dolls and the main character. This is used to dispatch enemies and demolish things. The companion has a claw that can destroy any nearby target. The companion also has a fire hammer to attack enemies with while the Hero has a hammer that can break off enemy heads. There is a lot of strategy in the destruction of the doll collection. There are unique costumes for the heroines that can be collected as you progress. There is a good amount of dialogue that goes on between the two main characters and their final choice really makes the story come to a close.
