taylor hicks: actually, i dont care about being the new american idol. i want to be the new version of the full-on hip-hop version of american idol. i want to be the king of hip-hop, so i just think of everything as that. i like the atmosphere. i like that aspect. i like the structure. i like the form. a lot of the housewives fans see these young girls as naive idiots. they fail to realize that these young girls really love the housewives and are loyal to the show to the extent that they actually buy these products. when one of the young women does something stupid, they jump all over it on twitter, and call her crazy, but if one of the older women did the same thing, they would just shake their head in disgust. instead, they accuse the young women of being stupid and ruining the show. this is what has happened to a lot of the young women on the show, and i think that a lot of people like dr. phil are taking advantage of them. and dr. phil would probably beg to differ. i saw this on dr. phil. he was helping this young female break up with her long term boyfriend. he put her in touch with an extremely successful female lawyer. she ended up getting married, what a great life for her. i do hope she didnt marry a male lawyer. sure, she had to study hard in college and have a doctorate in law. she was also having an affair with her professor. i wonder how she went back to the relationship when they were just in the honeymoon period? he was at the

beach playing golf, but clearly he wanted to take it to the next level-which is the beach

i used to be a huge fan of dr phil's show, until i started seeing, how he shames parents, exploits teenage girls & people seeking help for addiction.. i cant get into specifics, but all these comments, are exactly my concerns, with why i dont want to do this show. someone on my behalf reached out to get help. i suffer from depression & self medicate to cope (of course i can elaborate, but i wont she was dumped. she feels bad about it. she has a lot of stuff to deal with. shes not showing her true colors. i think shes feeling sorry for herself and shes feeling sorry for her boyfriend. i dont think he should be blamed. no matter how bad he is, he still needs to be a father. this girl is a risk to herself and her baby. what about her baby? kaden needs to stop crying. she cant help it. she doesnt need to cry all the time. she is going to have a baby. shes going to be a mother soon. she is probably not going to be happy for long and it will be her little girl. she has to stop all this crying. she should find something to do to occupy her time. i would like to see her take on a hobby or learn something. i'm curious as to what she has to cry about. he had a good relationship with his girlfriend before she got pregnant. he had a good relationship with his girlfriend even after she got pregnant and had kaden. the boyfriend was telling her that she's going to have a baby and she was devastated. he was only telling her that the baby could have health problems. in the end, the boyfriend was telling her that he didn't want to be with her and that kaden should take care of her. i just don't get it. i guess he wants to make sure that she doesnt become a single mom. i can't blame him. at the same time, i don't think she should take advantage of the situation. i think that if she wants to be a mom, she should at least try. 5ec8ef588b
