i ve been a big fan of Dhanush and he has done some wonderful movies like Thuppakki(2008),sonu ke pulle (2010) and Kadalgalan (2011). After watching Thuppakki, am eagerly waiting to see him in Raanjhanaa. the trailer gave a glimpse of the kind of intensity which the makers expected to create in the film.even though the movie was described as a love story, the trailers gave a feel of a sci-fi which had some action elements as well. As a fans, i hope that we are going to see some much more action than in a typical love story. but the trailer was pretty good in making an impact and in leaving some sparks of interest in the hearts of the viewers who wanted to watch Raanjhanaa movie in the theater. Lastly, the trailer has also reduced the importance of Raanjhanaa in the lives of most of us as the absence of proper marketing does in most of the cases which surely has worked against the producers in getting the movie seen by people. Raanjhanaa is a 2013 Indian Hindi-language historical romance film based on the historic love story of Mughal Emperor Akbar and Rani Padmini.The film was directed by Aanand Rai. It stars Dhanush and Sonam Kapoor in the lead roles. The film is set in the Mughal Empire in 16th Century where a disguised Rani Padmini (Sonam Kapoor) pretends to be a slave to marry the emperor, Akbar. The film's soundtrack was composed by Shankar-Ehsaan-Loy and lyrics were penned by Qamar. 'Raanjhanaa' is a word used by Akbar to the people of Gujarat after he undertook his all-consuming journey to the North.After Akbar returns to Delhi, he decides to train Padmini as a member of his harem. The rani is torn between the love that she has developed for Akbar and how she has been living under his rules. Raanjhanaa
