What's New in the Raptivity Standard Pack 3?

Raptivity Standard Pack 3 is a useful Raptivity plugin designed to help you easily create stunning presentations, diagrams and slideshows. Raptivity Standard Pack 3 provides users with ten interaction models that help them to demonstrate the cyclic flow of a system using an arrow diagram. They can also present a system diagram or screen to the learner and explain various components of the diagram, as well as explain a process using images. Key Features: - 10 interaction models - Include 5 interaction models for the screen flow diagram (2 screen views, 1 diagram view and 2 process views) - 5 screen flow diagram components: title, scene, control, image gallery, image gallery scene - 5 interaction models for the process flow diagram (2 process view, 1 diagram view and 2 system views) - 5 process flow diagram components: title, scene, control, image gallery, image gallery scene - Have the common interaction model for the process and screen flow diagram - Back to previous activity - Reset to the first activity when finished - Export to PDF and EXCEL (Document format) Examples: The presented animations are very useful. When the user taps on any of the dots in the title, a new screen comes up and the image gallery is opened. When the user taps on the image in the image gallery, the image is replaced by another one. When the user taps on the scene in the process, the user will be presented with more information on that scene. The screen shows a hierarchy diagram with a top level and a number of sub levels. Users can click on the screen and learn more about it. When the user clicks on a node, a list of sub-nodes appears.

Raptivity Standard Pack 2 is a useful Raptivity plugin designed to help you easily create stunning presentations, diagrams and slideshows. Raptivity Standard Pack 2 provides users with three interaction models that help them to demonstrate the cyclic flow of a system using an arrow diagram. They can also present a system diagram or screen to the learner and explain various components of the diagram, as well as explain a process using images. Description: Raptivity Standard Pack 2 is a useful Raptivity plugin designed to help you easily create stunning presentations, diagrams and slideshows.
